

CONOCO

"Coping with NO mobility during COrona Virus times: Learning from each other"

The European Association of Erasmus Coordinators is pleased to announce that the project **"CONOCO_Coping with NO mobility during Corona Virus times: Learning from each other"** has been approved by the Cyprus NA and funded by the European Commission under the Erasmus+ KA2. Duration, (September 2020 until April 2022).

Since Covid-19 emerged to a pandemic in 2020, it has compelled many governments around Europe to take extreme measures of lock down to an unimaginable degree until then. As a result millions of Europeans were forced to stay home for an extended period of time. This new reality found most, unprepared to adapt their working, leaving, producing, creating, learning, teaching and living habits and be as productive and effective while staying at home.

Thus, CONOCO project aims **to collect practices from the partner countries and beyond**, on how the European employees- employers, educators - students, parents- grandparents, including people with disabilities, were coping with staying at home and also highlighting original, typical approaches that proved to be efficient and helped people's productivity and creativity.

This project will not produce Intellectual Outputs, as its aim is to receive testimonials and collect good practices on the above situation. Therefore, the following results and deliverables are expected:

1. A comprehensive E-book, with a collection of good- practices of how people from the categories above cope with No- Mobility during the Covid-19 outbreak.
2. Development of Video Testimonials, where people who belong in the categories mentioned above share their personal experiences/points of view with No- Mobility during the Covid-19 outbreak.

Coordinator of the project is the **European Association of Erasmus Coordinators**. The other partner organizations are the **VOLKSHOCHSCHULE SCHROBENHAUSEN EV**, the **University of Aegean**, the **Liceul Teoretic "Tudor Arghezi"**, the **Associazione Ada**, **ITIS P. Paleocapa** and the **Universitea Petrol si Gaze Ploiesti** , representing five EU Countries (Cyprus, Germany, Greece, 2 from Italy, and 2 from Romania).
