## CONOCO project is launched... Four months later

The CONOCO: "COPing with NO mobility during COrona Virus times: Learning from each other" project is an ERASMUS+ funded project that started on 1st of October 2020 under the coordination of the European Association of Erasmus Coordinators (Cyprus base) and a partnership of 6 other organizations, namely, Volkshochschule Schrobenuhausen EV, Germany, the University of Aegean, Greece, the Liceul Teoretic "Tudor Arghezi", Romania, the Associazione Ada, Italy, ITIS P. Paleocapa, Italy and the Universitatea Petrol si Gaze Ploiesti, Romania. The aim of this project is to collect good practices from the partner countries and beyond, on how the European employees-employers, educators-students, parents-grandparents, were coping with no mobility during lockdowns.

The following results and deliverables are planned:

1. A comprehensive E-book, with a collection of good- practices of how people from the categories above cope with No- Mobility during the Covid-19 outbreak.
2. Development of Video Testimonials, where people who belong in the categories mentioned above share their personal experiences/points of view with No- Mobility during the Covid-19 outbreak.

## SURVEY INVITATION

*(All Europeans are invited to Contribute)*

We would appreciate your feedback in the project's online questionnaire regarding the lockdown period caused by the corona virus pandemic. This questionnaire is going to provide us with a collection of information on how people were able to stay active and how they were coping with their everyday lives in the lockdown period all around Europe. The information gathered will form a collection of good-practices of how people cope with No- Mobility during the Covid-19 outbreak.

The questionnaire is addressed to people of all ages (from students to senior citizens). All responses will remain confidential and secure. You can contribute to the CONOCO project by providing us 10 minutes of your time to complete the questionnaire. Every answer we receive helps us in our research efforts.

Please click [here](#) to complete the survey.

## Project launch: Online Kickoff meeting

The Kick-off meeting was held on October 5th, 2020 which played an important role to the launch of the project and the acquaintance of our partners. It was a very constructive meeting where all the partners introduced themselves and had a meaningful discussion regarding the implementation of the project and its deliverables, the next steps that need to be taken and the mitigation of any concerns and doubts that may appear during the project.

## Invitation for Associated Partners

The project has already reached interest outside of the project's consortium, as many organizations have become associated partners. The project has proceeded to develop a related draft including current associated partners, from partner countries and beyond, who are involved in the project. You can easily access this document on the project website.

If you wish your organization to become an Associate partner, please write to: [info@co-no-co.eu](mailto:info@co-no-co.eu)
